The Summit at COP12 , October, 2014

Statement by the Group of Leading Subnational Governments

<Our initiative and actions>

- 1 We will discuss those actions and lessons learned to enhance our measures toward conservation of biodiversity.
- 2 we call on subnational governments in the world to take part in our discussion and apply the lessons learned into the implementation of each government's actions to conserve biodiversity.
- 3 We also encourage them to participate in international learning platforms for subnational governments led by nrg4SD and ICLEI

Statement by the Group of Leading Subnational Governments

<Call to the Parties>

- 1 We call on the Parties to take measures to enhance the capacities of SNGs and to better support SNGs in achieving the Aichi Targets.
- 2 We call on the secretariat of the Convention on Biological Diversity to continue their assistance in implementing the Plan of Action on SNGs, Cities and other Local Authorities for Biodiversity 2011-2020.
- 3 We are willing to support the efforts of the Parties, the Secretariat of the CBD and other critical players to the fullest extent possible.
